1 Before you collaborate
A list of 5-10 of preparation goals is being researched (this activity). What is what you need to do to get going?
15 minutes

- 1. **Team gathering**
Before you start, participants in the session and not an entire team. Brainstorm collaboration on your most ideas.
- 2. **Set the goal**
Think about the problem you'll be thinking on during the brainstorming session.
- 3. **Learn how to use the Brainstorm board**
Use the Brainstorm board to create a list of ideas and generate ideas.

2 Define your problem statement
To simplify the future phase of study of using L276 model.
15 minutes

3 Key rules of brainstorming
No idea is bad or possible idea.
No idea is bad or possible idea.
No idea is bad or possible idea.
No idea is bad or possible idea.

4 Brainstorm
Write down any idea that comes to mind that address your problem statement.
15 minutes

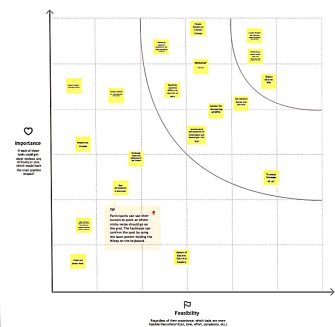

Person 1	Person 2	Person 3	Person 4	Person 5	Person 6	Person 7	Person 8
1. I want to see the future of the world.	2. I want to see the future of the world.	3. I want to see the future of the world.	4. I want to see the future of the world.	5. I want to see the future of the world.	6. I want to see the future of the world.	7. I want to see the future of the world.	8. I want to see the future of the world.
9. I want to see the future of the world.	10. I want to see the future of the world.	11. I want to see the future of the world.	12. I want to see the future of the world.	13. I want to see the future of the world.	14. I want to see the future of the world.	15. I want to see the future of the world.	16. I want to see the future of the world.

I want to see the future of the world.	30. I want to see the future of the world.	31. I want to see the future of the world.	32. I want to see the future of the world.

15 minutes

5 Group ideas
You are sharing your ideas while classifying similar or related ideas as you go. In the last 15 minutes, you will create a network of ideas. A cluster is larger than the other ideas. Try and use 5-10 and break it up into smaller sub-groups.
15 minutes

Technical Aspect
1. I want to see the future of the world.
2. I want to see the future of the world.
3. I want to see the future of the world.
4. I want to see the future of the world.
5. I want to see the future of the world.
6. I want to see the future of the world.
7. I want to see the future of the world.
8. I want to see the future of the world.
9. I want to see the future of the world.
10. I want to see the future of the world.
11. I want to see the future of the world.
12. I want to see the future of the world.
13. I want to see the future of the world.
14. I want to see the future of the world.
15. I want to see the future of the world.
16. I want to see the future of the world.
17. I want to see the future of the world.
18. I want to see the future of the world.
19. I want to see the future of the world.
20. I want to see the future of the world.
21. I want to see the future of the world.
22. I want to see the future of the world.
23. I want to see the future of the world.
24. I want to see the future of the world.
25. I want to see the future of the world.
26. I want to see the future of the world.
27. I want to see the future of the world.
28. I want to see the future of the world.
29. I want to see the future of the world.
30. I want to see the future of the world.
31. I want to see the future of the world.
32. I want to see the future of the world.

6 Prioritize
Your team should all be on the same page about what's important moving forward. Prioritize your ideas on this grid to determine which ideas are important and which are less so.
15 minutes

7 After you collaborate
You can export the model as an image or PDF to share with members of your company who might find it helpful.
15 minutes

- 1. **Share the model**
Share the model with the members of your company who might find it helpful.
- 2. **Export the model**
Export the model as an image or PDF to share with members of your company who might find it helpful.
- 3. **Keep moving forward**
Keep moving forward with the ideas that are most important and feasible.
